The Lion's Den Missions Base

Global Resources for Local Communities

The Lion's Den Mission Base (TLD) is a non-profit, community support focused organization powered by volunteers. TLD provides disaster relief, emotional care, spiritual enrichment and material resource distribution to the communities it serves. TLD has supported global communities through its strength, solutions, speediness, and sustainability:

- ***Strength:*** When you partner with TLD you are teaming up with an organization who is supported by globally recognized organizations who ensure TLD has the strength to deliver when needed.
- ***Solutions:*** TLD embraces the adage, “*Investing in Those Who Invest in Others*”, by providing its volunteers with the world- class training and support needed to impact global communities in the areas of, Rapid Response and Relief Training, Societal Reinstatement and Development, Community Support and Redevelopment, and Crisis Counseling and Intervention.
- ***Speediness:*** Communities prosper when they are quickly responded to in times of distress. Speed coupled with certainty of execution, serve as hallmarks of the proud history of TLD. Supported by its global network of high trained members, TLD possesses the presence to react when needed. TLD is recognized for its strategic ability to deploy teams with critical resources throughout the Southeastern United States.
- ***Sustainability:*** TLD has withstood the test of time by making various adjustments to its initiatives. The organization leaders are nationally recognized, independent-thinkers known for assessing and mitigating risks to safely deploy members to enhance global communities. National agencies proudly choose TLD as their long-term community support partner.

The Lion's Den Missions Base

Strategic Alliance with Camden University & Graduate School of Theology

About Camden

Camden University & Graduate School of Theology (Camden) offers coursework with substantial training to prepare individuals for real world circumstances and crisis intervention. Course tracks are available to prepare future chaplains for service with standards of competence and excellence. Serving as the exclusive educational arm of The Lion's Den Missions Base, Camden is dedicated to instructional excellence in the areas of Leadership Development, Disaster Relief, Professional Chaplaincy, Crisis Counseling and Intervention, as well as Community and Economic Development. Camden is committed to serving the needs of humanity by offering proficient curriculum to those who are dedicated to the well-being mankind.

Camden University & Graduate School of Theology Board Certified Chaplaincy Program

Camden's Board Certified Chaplaincy (BCC) program is designed to advance professional standards, develop individual performance and certify professional chaplains who demonstrate advance proficiency in chaplaincy care.

The BCC program consists of standards-based instructional courses which contain principles for effectively deploying strategies at the individual and community level.

The Lion's Den Missions Base

TLD Mission, Vision and Values

The Lion's Den Mission Base (TLD) is committed to upholding standards for professional competence, conduct, and accountability. These standards are delivered through continued learning and promotion of strategic support of individuals, families and communities.

Our Vision: TLD thrives to train, equip and mobilize those who which to serve as a radiant beam of love, wisdom, and compassion in the world, igniting others and revealing the truth, peace, and understanding established in every heart.

Our Mission: TLD is dedicated to recognizing the highest standards for volunteerism, education, operational procedures and deployment capabilities. As community leaders, we seek to leverage our resources to achieve tangible results when needed.

Our Core Values: Recognition of the Dignity and Worth of All People, Demonstration of Professional Emotional and Spiritual Care, Observance of Confidentiality, Promotion of Unity Between Professional Agencies, Recognition of Community Perspectives, and Support of All Unalienable of Rights Endowed by Our Creator.

The Lion's Den Missions Base

Governance

The governing body of the Lion's Den Missions Base is the Board of Directors which directs and manages the matters of commercial, public interest and concerns of this non-profit organization. The corporate governance principles of the Lion's Den Missions Base are grounded in our commitment of casting the vision as stated in our mission. We hold ourselves accountable to meeting specific goals and objectives in bringing that vision into fruition. We are uncompromising in adherence to high moral and ethical principles. In all business endeavors, we assume the responsibility to portray soundness of character, honesty, wholeness and transparency.

The structure and membership of our Board allows for direct oversight, strategic functioning and periodic reviews, to ensure we continue to meet the vision, goals, objectives and the needs of the organization. The requirements for membership are uniform and ascribe to the best customary course of action for corporate boards.

The governance procedures provide for distinct progressive guidance, while raising the Board and individual member's performance to a heightened level of quality and accountability, to include individual member self-assessment and peer evaluation. The highest prescribed degree of ethics is promoted with an established culture of compliance with moral principles of conduct. The Lion's Den Missions Base operates as a public charity and is completely dependent on voluntary donations, while adhering to the highest calling of fiscal responsibility, with audited and consolidated financial statements.

The Lion's Den Missions Base

Message From Our Founder

“Our leaders and affiliated partners believe that there is a great need to transform the communities of the world into active participants. The Lion's Den Missions base was established to answer the call of creating platforms to mobilize those who wish to serve others. If you are interested in making a tangible impact our doors are open to train, support and mobilize you for service.

The Lion's Den Team welcomes you!”

Dr. Jason H. Jackson
Managing Director and Overseer
The Lion's Den Missions Base

The Lion's Den Missions Base

Our Mission to Train Support and Mobilize

“On the road to impact the world, one community at a time”

The Lion's Den Missions Base

Our Missions and Purpose

Inspired to Impact

Birthered out of the vision of our Founder, Dr. Jason Jackson, The Lion's Den Missions Base (TLD) is driven by seeing ALL people fulfill their talents and gifts. TLD leaders and volunteers demonstrate compassion and sensitivity in the face of human adversity and life challenges. TLD has an aggressive goal of training and coordinating teams to deploy material and human resources and support throughout Continental US and abroad. To reach this goal, we enlist the service of gifted individuals, from all walks of life who are willing to be trained and mobilized in service to others. Wherever you live, whatever your background the Lion's Den Missions Base welcomes your talent. We use our vast network of government relationships, para-ministries and non-profit partners to overcome geographical hurdles. In short, once trained we will find a place where your gifts and talents may thrive.

Based on the core belief that there is a great need to transform the societies of the world into active participants, TLD was established to answer the call of creating platforms to mobilize those who wish to serve others. In other words, we turn "seekers" into "doers". We solve problems, improve lives, connect with others and strengthen communities, while transforming our own lives to its original purpose. We initiate partnerships at the local community, regional and national levels, to ensure strategic communication, response and delivery of services in disaster relief. We mobilize to identify shared interests and pool efforts, weaving them into a plan ready for action. We demonstrate, educate and provide training for skill acquisition. We intervene, facilitate and lubricate the wheels of change, bring stability and comfort during times of crises. With your help, we can go even further. We are the Lion's Den Missions Base. Join us in this mission to equip, train and mobilize in improving the lives of others. Everyone who wants to help others is welcome!

The Lion's Den Missions Base

Highlights From TLD's First 2 Years

Documented Success and Performance

The Lion's Den Missions Base has an aggressive goal of training and coordinating teams to deploy material and human resources and support across the Continental US and abroad. In an effort to reach this ambitious goal quickly and effectively, TLD members have worked diligently accomplishing the following benchmarks since October of 2015:

- Established partnerships with the American Red Cross, FEMA, Salvation Army.
- Supported Disaster Relief victims in Baton Rouge, Louisiana in Hurricane Season 2016.
- Raised funds for Disaster Relief for hurricane recovery in Florida, Puerto Rico and Houston in the 2017 Hurricane season.
- Distributed over 2,000,000 pounds of food through the Tree of Life Food Bank.
- Acquired State of Florida Department of Education licensing to issue academic certification and diplomas.
- Established and streamlined the Broward Transformation Center as an independent crisis counseling entity.
- Senior member of TLD launched the United Nations Chaplains Association as a professional extension of the Lion's Den Missions Base.
- Established complete training and certification tracks for TLD's Rapid Response, Crisis Counseling, Leadership and Mentoring programs.
- Increased the number of FEMA and American Red Cross trained volunteers at TLD.
- Rapid Recovery Responder team was deployed to Broward International Airport to provide emotional support and resources to passengers detained at the Airport in the aftermath of a shooting in the Airport in 2016
- Acquired and deployed a 24 foot GMC 5,500 box truck at a cost of 50% off cost. On the same day the truck was acquired, the Lion's Den Missions Base received donation of 8,000 pounds of frozen turkeys and delivered these goods immediately to community residents.
- Located and assumed strategically located commercial real estate office warehouse space in Fort Lauderdale at a 40% discount.
- Acquired and deployed a 15-passenger Ford E-350 van at a 40% discount.
- Established two Community Resource sites and one Community Distribution site in Broward County.

The Lion's Den Missions Base

Our Key Missions and Initiatives

"Your Opportunity to Serve"

The Lion's Den Missions Base

Connecting With TLD Through Our Initiatives

The Lion's Den Missions Base fulfills its mission through the development of broad initiatives which are strategically selected to meet the needs of local, national and international communities while opening doors of opportunity for individuals to use their skills and talents. TLD initiatives allow individuals to match their unique skills with an identified need either directly, supportive as a donor, or as a resource partner. As such, everyone can connect with an initiative and take a leadership role at some level. **The only criteria for becoming connected with the Lion's Den Missions Base is the desire to help others and see lives change for the better.** In the process, the lives of those who provide help and those receiving help are both enriched! Read more about our initiatives below:

- **Volunteer Mobilization Initiative**
- **Life Engineering Initiative**
- **Community Support & Redevelopment Initiative**
- **Spiritual, Emotional and Organizational Leadership Initiative**
- **Crisis Counseling and Inner Healing Initiative**
- **Prison Outreach and Societal Reinstatement Initiative**
- **Intuitive Listening and Operation Initiative**
- **Rapid Response & Relief Team Initiative**

The Lion's Den Missions Base

Volunteer Mobilization Initiative

The Lion's Den Missions Base (TLD) believes volunteerism is an important value of our society and has established a dedicated initiative to mobilizing those with a desire to serve. Through the Volunteer Mobilization Initiative TLD deploys Event Based Volunteers (EBV's) comprised of those who generously give of their time, talent and resources for the betterment of local global communities in need. Though an organization based in Christian faith, from Atheists to Hindus, to senior citizens and millennials our EBV's represent all walks of life, and we wouldn't have it any other way.

As a TLD EBV you support our missions by:

- Bringing fresh perspectives,
- Expanding diversity,
- Providing leadership,
- Expanding new audiences and markets,
- Extending staffing capacity,
- Serving as an advocate for our cause to uplift the condition of humanity; and
- Donating resources used to support the underserved.

The Lion's Den Missions Base makes volunteering easy for Event Based Volunteers by:

- Providing clear and concise training,
- Opening the opportunity to serve with TLD to ALL who wish to serve,
- Offering a clear path to leadership in your desire TLD program initiative,
- Creating an array of opportunities that are sure to match your desire to participate; and
- Requiring minimal commitments to serve while you find your best fit.

To register as an Event Based Volunteer (EBV) go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Life Engineering Initiative

For every architectural blueprint there is an engineer who can bring it to life and purpose. There are many in the world who are seeking their purpose and seeking guidance. The Lion's Den Missions Base established its Life Engineering Initiative as a means to provide mentorship for those who desire it. TLD Life Engineers have a unique gift for analyzing life's blueprint and pinpointing the intentions of the Architect. Our Life Engineers are equipped to guide Life Apprentices (or Mentees) in areas ranging from entrepreneurship, relationships and comprehensive understanding within three key areas: from entrepreneurship, relationships, and even spiritual application to name a few.

Life Engineers (Mentors) benefit from participating TLD Life Engineering Initiative by:

- Leveraging TLD's proven method to share ideas, try new skills and take risks,
- Enhancing your capacity to translate values and strategies into productive actions for others,
- Increased awareness of personal biases, assumptions and areas for improvement,
- Opportunity to develop your social and leadership skills,
- Expanded networking opportunities; and
- Experiencing the joy of witnessing others pursue and accomplish their dreams.

Life Apprentices (Mentees) benefit from participating TLD Life Engineering Initiative by experiencing an:

- Enhanced training and career development,
- Increased self-awareness and self-discipline,
- Expanded personal network,
- Accessible platform/relationship for testing ideas and plans; and
- Atmosphere for positive and constructive feedback on areas personal development.

To register for TLD's Life Engineering Initiative as an Engineer or Apprentice go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Community Support & Redevelopment Initiative

The Lion's Missions Base is community centric deploying its Community Support & Redevelopment Initiative to meet the needs of America's neighborhoods. Because each community need is different, TLD possesses the flexibility to adapt its structure and focus to meet the demand of each community it serves. TLD supports communities in times of "blue sky" by determining distribution sites and staging areas to share essential goods and services to vulnerable populations on a continual basis.

TLD's Community Support & Redevelopment Initiative is comprised of:

- Community Resource Sites (CRS): TLD provides "one-stop shops" in strategic locations such as low income housing and municipal centers to meet community-level needs. In collaboration with partners, TLD establishes an on-going distribution of food resources and services such as job assistance, counseling, tutoring, grocery support and mentorship until neighborhoods are stabilized and lives are enhanced. Volunteers have the opportunity choose from a variety of CRS locations and jobs.
- Community Distributions Sites(CDS): TLD distributes food and goods in strategic locations where needs are determined. TLD provides on-going distribution of resources until a neighborhood is stabilized or until the opportunity arises to launch a Community Resource Site at the location. Volunteers have the opportunity choose from a variety of CDS locations and jobs.
- Tree of Life Food Bank (TOL): TLD's strategic partner the Tree of Life Food Bank serves as the provider of all food and goods required at TLD operated CRS's and CDS's. Volunteers have the opportunity to serve in this initiative through the acquisitions, management and distribution of food and goods through TOL

Opportunities to volunteer in TLD's Community Support & Redevelopment Initiative include:

- Tutors
- Interpreters: Spanish, Creole and Portuguese
- Food Bank Support: grocery handlers, warehouse staff, cargo and passenger drivers, etc.
- Counselors
- Site Managers, Supervisors and Support Staff

To register as a volunteer for TLD's Community Support & Redevelopment Initiative go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Spiritual, Emotional and Organizational Leadership Initiative

Seasoned leaders turn ideas into reality and problems into opportunities. The Lion's Den Missions Base is committed to fostering opportunities for emerging and seasoned leaders to function and grow. Through its Spiritual Emotional and Organizational Leadership

Initiative TLD provides new and seasoned leaders with the resources and guidance needed to positively and tangibly impact their surroundings. Designed and proctored by Camden University and Graduate School of Theology, TLD's certification and designation programs nurture leaders with the ability progressive solutions to the most complex situation.

As a TLD volunteer leader you support our missions by:

- Providing a safe environment for TLD volunteers,
- Offering fresh perspectives to improve TLD programs,
- Accepting the challenge to go where other will not,
- Serving as trusted mentor and colleague for other TLD volunteers and leaders; and
- Supporting in the acquisition of resources needed to expand TLD initiatives.

Opportunities to volunteer in TLD's Spiritual, Emotional & Organizational Initiative include:

- Volunteer mobilization program managers and team leaders
- Life engineering (mentorship) program managers and team leaders
- Community distributions site program managers and team leaders
- Community resource site program managers and team leaders
- Crisis counseling and inner healing program managers and team leaders
- Prison outreach and societal reinstatement program managers and team leaders
- Rapid response & relief team program managers and team leaders

To register as a volunteer for TLD's Spiritual, Emotional and Organization Leadership Initiative go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Crisis Counseling and Inner Healing Initiative

The effects of emotional distress on an individual are not always. In partnership with Broward Transformation Center and Our Children's Our Future, The Lion's Den Missions Base (TLD) launched its Crisis Counseling and Inner Healing Initiative to address the emotional and mental trauma of vulnerable populations. Trained TLD volunteers provide emotional and spiritual support through offering "listening ear", "guided word" or providing referral to other resources or professionals.

TLD's Crisis Counseling and Inner Healing Initiative focuses on providing:

- Defusing the critical nature of the situations and circumstances,
- Ensuring the safety of those involved in unsafe environments; and
- Returning individuals to a state of equilibrium to capably identify and seek solutions to tough circumstances.

Through training volunteers in TLD's Crisis Counseling and Inner Healing Initiative are able to:

- Listen actively with concern and empathy,
- Encourage open expression of feelings,
- Assist in gaining an understanding of the crisis;
- Support individuals gradually accept reality;
- Identify suitable methods of coping;
- Link those in need with appropriate social services.

To register as a volunteer for TLD's Crisis Counseling and Support Initiative go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Prison Outreach and Societal Reinstatement Initiative

The Lion's Den Missions Base (TLD) is intentional and enthusiastic in assisting the formerly incarcerated with their reintegration back into the community. TLD launched its Prison Outreach and Societal Reinstatement Initiative to address the positive development of those exposed to criminal punishment by facilitating their adoption of healthy behaviors ensuring a healthy transition back into society. Our programs will facilitate the development of self-confidence, emotional wellness, and economic equality, creating a foundation for future success. understanding within three key areas:

TLD initiative assists those transitioning back into society through:

- Development of self-confidence through peer-to-peer support provided by TLD's Life Engineering Initiative volunteers
- Emotional wellness through on-going counseling care provided through TLD's Crisis Counseling and Inner Healing practitioners.
- Economic equality through financially-discounted educational opportunities provided by TLD's strategic partner Camden University and Graduate School of Theology.

Opportunities to volunteer in TLD's Prison Outreach and Societal Reinstatement Initiative include:

- Mentors
- Tutors
- Food Bank Support Staff: grocery handlers, warehouse staff, cargo and passenger drivers, etc.
- Counselors

To register as a volunteer for TLD's Prison Outreach and Societal Reinstatement Initiative go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Intuitive Listening and Operation Initiative

With many of the world's citizens experiencing supernatural phenomena in the form of dreams, visions and other indescribable "out of body experiences" there is a need for training guidance. In response to this deficit TLD launched its Intuitive Listening and Operation Initiative as a means to guiding people to an understanding of their intuitive (prophetic) abilities. Designed to encompass scientific terminologies with a biblical basis TLD's initiative trains volunteers to uncannily impact the world around them with positivity.

TLD's Intuitive Listening and Operation initiative supports volunteers in:

- Understanding their own GOD-given metaphysical and intuitive abilities,
- Identifying innate abilities in other; and
- Deploying systematic strategies to understand current and pending event

Opportunities to volunteer in TLD's Intuitive Listening and Operation Initiative include:

- In-field trainers
- Team leaders
- Classroom-based teachers

To register as a volunteer for TLD's Intuitive Listening and Operation Initiative go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Rapid Response & Relief Team Initiative

In times of crisis The Lion's Den Missions Base (TLD) is positioned to respond swiftly and efficiently to those impacted adversely. In partnership with the United Nations Chaplains Association TLD launched its Rapid Response & Relief Initiative to support mankind in life's most trying times. TLD Rapid Response Teams (RRT's) strives to deploy into a community within 24 hours to investigate damages while sending team members within 48 hours to support preliminary efforts. TLD and its partners provide direct response in disasters by staging emergency distribution sites to provide essential goods, services and counsel to vulnerable populations.

TLD RRT volunteers are deployed for the purposes of:

- Responding to Natural Disasters: TLD is equipped to direct and support restorative efforts as well as provide necessary resources (food, water, shelter and clothing). These service measures are accomplished all while deploying members to provide crisis counseling and spiritual care support. With strong relationships at the local-community level, TLD frequently serves as the contact point and director for hundreds of agencies (food banks, faith-based groups, housing providers, etc.) to effectively deploy to disaster events.
- Supporting Community & Economic Redevelopment: TLD works with local and federal leaders to establish and deploy long-term strategies to rebuild.
- Responding to Social Instability: TLD supports communities by acting as a social bridge between citizens and government agencies during periods of social unrest.

Opportunities to volunteer in TLD's Rapid Response & Relief Initiative include:

- Trained Rapid Response Team Member
- Food Bank Support Staff: grocery handlers, warehouse staff, cargo and passenger drivers, etc.
- Crisis Counselors
- Regional Managers, Supervisors and Team Leaders
- Trained Medical Support Staff

To register as a volunteer for TLD's Rapid Response & Relief Initiative go to www.themissionsbase.org or email Jacqueline.brown@themissionsbase.org

The Lion's Den Missions Base

Responding to Communities Year-Round

“Deploying Where and When Needed”

The Lion's Den Missions Base

TLD's Role in The Disaster Response Cycle

TLD is a uniquely positioned and trusted partner in building robust, sustainable programs and systems to support communities in protecting against, preparing for, responding to, and recovering from disaster or civil emergencies:

- **Mitigation:** TLD works with government, community, and spiritual leaders to build infrastructure (procedural and economic) in preparation for disaster response. TLD develops localized strategies for risk reduction and prevention. TLD emphasizes Mitigation as the most impactful phase to ensure reduction of loss from calamity. TLD provides communities leaders with ongoing engagement, training, and support. This ultimately promotes mitigation efforts, risk prevention campaigns, and prevention strategies for their house of worship, and their members and followers.
- **Preparedness:** TLD works with local, federal, and community leaders to ensure disaster preparedness. Evacuation plans, sources for water and food, and effective rescue strategies are all determined and established in efforts to provide plans of action.
- **Response:** TLD underscores the faith community's importance in restoring communities during a disaster. During a disaster, TLD leverages its network of over 2,000 houses of worship and community leaders in gathering and disseminating real-time information, to and from national disaster relief agencies, as well as federal, local government. TLD also establishes strategic points of distribution (PODS) to deploy clothing, food, housing accommodations, home repair, debris removal, and other critical goods and services.
- **Recovery:** TLD supports communities by acting as a social and economic bridge between citizens and the resources they need to fully recover from a catastrophic event. TLD sources and assimilates long-term recovery and unmet needs programs through its network of local participant until restoration has been recognized.

Read more about TLD's targeted initiatives in actions by reading the next few pages .

The Lion's Den Missions Base

Initiative #82916 Baton Rouge Housing Initiative

Initiative Overview

The flooding in Louisiana was one of the worst natural disaster in the United States since Superstorm Sandy in 2012. Alongside of The Red Cross, The Lion's Den Mission Base supported the massive relief operation in Baton Rouge. TLD's goal was to restore a sense of normalcy to the community by returning families to their homes.

The Baton Rouge Area Chamber (BRAC) released data estimates over 140,000 homes in the metropolitan area were in flood areas and could have been affected. Livingston and East Baton Rouge parishes appear to have suffered the most damage. BRAC estimates more than \$9 billion in damages to homes there. Businesses fared badly as well in the Baton Rouge Metropolitan Statistical Area, which includes East Baton Rouge and eight surrounding parishes. BRAC also estimates 12,000 or 35% of all businesses in the region were adversely affected. This number directly affects over 136,000 workers.

With crisis-trained members readied, TLD was able to mobilize within 48 hours of assignment notification and connected with local agencies to identify areas of opportunity and structure to support Baton Rouge in Two Phases:

Phase One: From August 26, 2016 through October 31, 2016, BRHI focused on supporting local shelters with tangible goods to sustain residences during their transition. The Lion's Den Mission Base provided on the ground support in Red Cross managed shelters during Phase One.

The Lion's Den Missions Base

Direct financial contributions were utilized for:

- Foods that meet unusual dietary requirements
- Hygiene supplies and other comfort items
- Supplies needed for children and infants (such as diapers, formula, and toys)
- Special items for elderly and disabled family members

TLD also supported the feeding of over 400 displaced residents through the Sponsorship of Baton Rouge based non-profit, Saint Vincent De Paul

Phase Two: From September 19, 2016 through September 28, 2016 TLD provided over 200 impacted, Winborne Elementary students with uniforms, book bags and school supplies.

Phase Three: On November 1, 2016, TLD began its Social and Economic Redevelopment initiative to provide distressed communities with access to progressive technology, education, and economic opportunities.

The Lion's Den Missions Base

Initiative#10316

Hurricane Matthew Relief Initiative

Initiative Overview

Hurricane Matthew is likely one of the strongest hurricanes to impact Caribbean and the Southeastern United States within the last decade. The storm has registered as the first Category 5 Atlantic hurricane since Hurricane Felix of 2007. Matthew formed from a vigorous tropical wave that slowly moved off the African coast on September 22, 2016 on a westward track until developing into a tropical storm as it was situated just to the East of the Leeward Islands on September 28, 2016. One day later, Hurricane Matthew rapidly strengthened into a Category 5 hurricane as it impacted the Caribbean on its way towards the Southeastern coast of the Continental U.S.

After completing a successful month-long effort to restore those affected by the Baton Rouge flood, the United Nations Chaplains quickly reassembled to respond to those impacted by Hurricane Matthew. Relief efforts extended to areas of Northeastern Florida, South Carolina, and North Carolina (Robeson County) that were also affected. In partnership with the American Red Cross, FEMA and the Tree of Life Food Bank (www.themissionscenter.org), TLD mobilized with crisis trained responders to assist with the sustainment and recovery efforts associated with Hurricane Matthew in two phases:

Phase One: During Phase One, from October 5, 2016 through October 14, 2016, TLD provided shelter, food and community restoration efforts to those impacted within the South Florida region. TLD partnered with the Tree of Life Food Bank, The American Red Cross, and The Lion's Den Missions Base to provide on the ground support during Phase One. TLD led Rapid Response Teams' streamlined efforts through community leaders to deploy concentrated resources to the community level.

The Lion's Den Missions Base

TLD provided:

- Bottled water and canned foods
- Hygiene supplies and other comfort items
- Supplies needed for children and infants (such as diapers & formula)
- Clean up supplies (such as heavy-duty garbage bags)
- Special items for the elderly and disabled

Phase Two: During Phase Two from October 14, 2016 through November 1, 2016 TLD deployed to Lumberton, Red Springs, Maxton and "Thunder Valley" North Carolina deploying tangible good to over 4,000 residents.

Phase Three: On November 2, 2016 , TLD launched its Social and Economic Redevelopment to provide distressed communities with progressive technology, educations and economic opportunities. TLD is continuing the efforts to prepare local governments with strategies and resources needed for Disaster Mitigation.

The Lion's Den Missions Base

Initiative #133309

South Florida FL Community Support and Redevelopment

Initiative Overview

Located in beautiful South Florida, Broward County is world-known for its beaches, shopping and yachting. Though uncommon wealth can be found in the area, there is also an underserved demographic of those in need of economic opportunity. Family poverty rates continue to increase in the County, although 60 percent of economically-poor families have at least one working adult. According to 2014 population estimates, 15 % of Broward County residents are under the poverty line.

In partnership with Tree of Life Food Bank (www.themissionscenter.org), TLD mobilized a long-term effort to assist with providing social and economic opportunities through the establishment of two community resource sites:

The Village Mobile Home Park (The Village): Owned and managed by Riverstone Communities (Riverstone), located in Florida, The Village Mobile Home Park is home to over 500 families. With the community being primarily comprised of families earning income under the poverty line, TLD partnered with Riverstone to deploy a long term social and economic impact campaign. In July 2016, TLD began supporting the over 1500 residents with weekly grocery deliveries, peer-to-peer program support, free children's summer programs, tutoring, and language assistance.

The Lion's Den Missions Base

The First Step Sober Home (First Step): First Step provides programs which serve as alternatives to incarceration, as well as rehabilitation services from the disease of addiction through a strict program of recovery. Located in Pompano Beach, Florida, the group has earned a vendor number (3MJ) as a recognized institution for alternative housing by the state of Florida Department of Corrections. In May 2017, after executing a Memorandum of Understanding with First Step, TLD began supporting the over 300 residents with bi-weekly grocery deliveries, peer-to-peer program support, and educational opportunities.

The Lion's Den Missions Base

Initiative#772319

Hurricane Irma Preparation, Response & Relief Initiative

On September 4, 2017 Hurricane Irma became Category 4 intensity storm as it approached the U.S. Virgin Islands, Puerto Rico and South Florida. In response to the possible threat Florida Gov. Rick Scott declared a state of emergency in all 67 counties in his state. The UNCA's mission was to act quickly in maintaining and restoring a sense of relief and normalcy to impacted communities by streamlining relief efforts through multiple agencies.

Phase One: In cooperation with Federal Emergency Management Agency, The American Red Cross (ARC) and local municipalities, the UNCA established key initiatives which to preserve human life. TLD supported it partner UNCA to leverage over 300 South Florida, faith-based organizations (representing over 10,000 parishioners) to assists establish Bulk distribution sites throughout 20 heavily impacted cities. The UNCA also provided real-time data to ARC for the identification and reallocation of resources and coordinated the delivery of over 800,000 pounds of food, water and resources to:

North Miami, Florida
Pompano Beach, Florida
Avon Park, Florida
Bonita Springs, Florida
Leigh Acres, Florida,
Dunbar, Florida
Lake Placid, Florida
Fort Lauderdale, Florida
Immokolee, Florida and others.

The Lion's Den Missions Base

Initiative #772320

Hurricane Maria Caribbean Relief Initiative

On September 19, 2017 Hurricane Maria made landfall in Dominica as a Category 5 hurricane before moving on to devastate Puerto Rico and neighboring islands. In the wake of Hurricane Maria, the small island of Dominica was destroyed and Puerto Rico's 3 Millions American citizens rendered almost entirely without power. Initial reports estimated that 80% of island's transmission lines (which deliver power from the energy plants) have been incapacitated, with substantially all local power lines (facilitating to residences/business) being destroyed as well.

Phase One: From September 25, 2017 through October 31, 2017, TLD assisted the UNCA in continue to coordinating with local officials to deliver food, resources and logistical support to those impacted in Puerto Rico and neighboring regions. The UNCA has successfully established flight and distribution operations throughout the island, narrowing its focus to smaller underserved population within Puerto Rico. Strategic partnerships have produced the allocation of cargo aircraft, warehousing and private passenger flights to ensure logistical efficiency.

The UNCA is providing:

- Logistic Support
- Crisis Counseling/Shelter Support
- Delivery of bottled water and canned foods, hygiene supplies and other comfort items.

Phase Two: From October 31, 2017 through December 31, 2017 TLD will support the UNCA in establishing Bulk Distribution sites and Multi Agency Centers throughout the Central and Southern portions of the island of Puerto Rico. On October 14, 2017 the UNCA created bilateral- synergies with officials assigned to the disaster relief efforts from the U.S. Coast Guard, Department of Homeland Security, Air Force, island municipalities and local business operators. The strategic partnerships resulted in streamlined transportation logistics, security, increased distribution channels and thousands of warehouse square footage located throughout the island for use by UNCA and partners.

The Lion's Den Missions Base

Our Strategic Partners

“Expanding Our Reach and Your Ability To Serve”

The Lion's Den Missions Base

Partner Overview Snap Shot

The Lion's Den Missions Base

The Tree of Life Food Bank

The Tree of Life Food Bank's (TOL) mission is to end hunger throughout Florida and the Caribbean by providing access to food, advocacy efforts to address disparity and impacting communities through innovative programming and education. TOL also serves as a distribution partner to other agencies during disaster relief and recovery efforts in the Southeastern U.S. (NC, SC, GA, AL, LA and FL) and Puerto Rico.

Visit the link below to learn how TOL provides resources to those who deliver resources.

The Lion's Den Missions Base

Broward Transformation Center

Broward Transformation Center (BTC) is devoted to intervening in the lives of people who are dealing with emotional and spiritual challenges. BTC recognizes the mind-body-spirit connection and uses this approach to address each challenge individuals may face. BTC is committed to counseling the hurt, broken hearted and the politically under-represented members of our community. BTC helps others find hope in times of crisis when it seems that all is lost.

United Nations Chaplains Assn.

UNITED NATIONS
Chaplains Association

The United Nations Chaplains Association (UNCA) is a global organization of multifaceted leaders with a heart to serve the world's communities. In 2016, the UNCA has emerged as a leader in Disaster Relief management having coordinated with FEMA, The American Red Cross and over 200 agencies to streamline services and impact the lives of millions affected by disasters. Upon completion of UNCA's Board Certified Chaplaincy Certification program, members may elect to receive specified designations in either of three distinct areas: Crisis Counseling & Intervention, Societal Reinstatement and Development or Community and Economic Redevelopment.

Visit the link below to discover how you can contribute to global communities through the UNCA.
